

Product Data Sheet

TRD100

Impact Traffic Door (Single)

This single-panel traffic door is built for high-traffic environments such as retail stores, restaurants, and industrial facilities. Designed for frequent, hands-free use, it swings open in both directions and automatically returns to the closed position.

Installation is quick and straightforward. Constructed from durable impact-resistant materials, the door stands up to carts, trolleys, and daily wear. A variety of panel finishes and window options are available to match your space's functional and aesthetic needs.
